Career Objective

Motivated and detail-oriented Python Developer seeking a challenging software development role in a forward-thinking organization. Eager to contribute to impactful projects and enhance my skills in full-stack development and data-driven solutions.

Technical Skills

- **Languages:** Python, SQL, HTML, CSS
- **Frameworks/Libraries:** Django, Bootstrap
- **Databases:** MySQL, SQLite
- **Tools:** Git, VS Code, Jupyter Notebook
- **Concepts:** CRUD, OOP, Data Analysis

Internship Experience

Python Developer Intern
Coding Brains Technologies – Remote
Feb 2026 – Jun 2026
Offer Letter ID: aef8294

- Developed full-stack Django applications with integrated database operations.
- Built secure authentication systems and implemented robust CRUD functionalities.

  Used Git for version control, contributing to a modular codebase.

Projects Summary

Project Title	Desciption	Tech Stack	Links
Employee Database System	Web-based system to manage employee records with add, search, edit, and delete capabilities	Python	GitHub, Live
OTP Verification System	Web-based OTP login system with email authentication	Python	GitHub, Live
CRUD Application	Template for dynamic datasets with create, read, update, delete operations	Python	GitHub, Live
To-Do Task Manager	Task management application with add/delete/edit functions	Python	GitHub, Live
PDF CV Generator	Insert Student or Employee details and create your resume in pdf format	Python	GitHub, Live
Travel Yari UI	Responsive UI template for travel booking site	HTML,CSS	GitHub, Live
Foodie Application UI	Front-end layout for food delivery website	HTML,CSS	GitHub, Live
Dynamic Login Form	Mobile-friendly login form with validation	HTML,CSS	GitHub, Live
Bank App	CLI apps: quiz, banking system, e-commerce simulator	Python	GitHub , QuizApp - Replit
Weather Data Analysis	Temperature and rainfall pattern detection	SQL	Report
Automobile Sales Analytics	Sales performance by region/brand using SQL	SQL	Report
Netflix Dataset Analysis	EDA on ratings, genres, countries	SQL	Report

Zomato Data Analysis	Insights on categories, ratings, locations	SQL	Report

◇ **Education ● B.Com. (Computer Applications)** – Vikram Degree College Sullurupeta, Affiliated (VSU University),Nellore 2026– 84%

- **Intermediate (10+2)** – Vikram Jr College Sullurupeta, 2023 – 83%
- **SSC (10th Grade)** – Zilla Parishad High School Sriharikota, 2021 – 96%

◇ **Certifications**

- Python Internship
- Full Stack Python Developer
- Java Development Workshop

◇ **Languages**

- English – Professional
- Telugu – Native
- Tamil - Native
